General conditions of Insurance GCI
Edition of 01.2022

Contract

Objective and benefits *GCI art. 1*

These General Conditions of Insurance (GCI) constitute an integrated part of all supplementary insurance plans offered in accordance with the Federal Law on Insurance Contracts (VVG). Based on these conditions and in accord with the contract, we pay benefits supplementary to those provided by the social health insurance and other social and private insurances for illness, accident and maternity during the contractual period.

General Terms *GCI art. 2*

- ¹ The terms illness, accident, maternity, incapacity for work and disablement are defined in federal law in the General Section of Social Insurance Law (ATSG, art. 3 to 8) and the terms injury through misadventure and hazardous activities are defined in the Ordinance on Accident Insurance (UVV, art. 9 and art. 50).
- ² For the purpose of the insurance we equate maternity with illness if the corresponding insurance cover has not been excluded. A waiting period of 270 days applies from the commencement of insurance.

Service providers are individuals and institutions recognised as such in accordance with the FLHI (KVG), unless otherwise stipulated in the Special Conditions of Contract and provided these have not withdrawn services of their own volition.
